

BELL-SET No. 50...

BELL-SET No. 50A NOTE 3 CIRCUIT DIAGRAM

NOTES:—

BELL-SET No. 50A

- 1 Bell-set No. 50A supersedes Bell No. 59A and Bell-set No. 26 for new work
- 2 When used in place of Bell No. 59, the capacitor is not required and connexions should be made to Terminals B2 & B8
- 3 The terminal numbers of Bell-Set No. 26 and Bell-Set No. 50A are identical, but Terminal B6 is not provided in the Bell-Set No. 50A

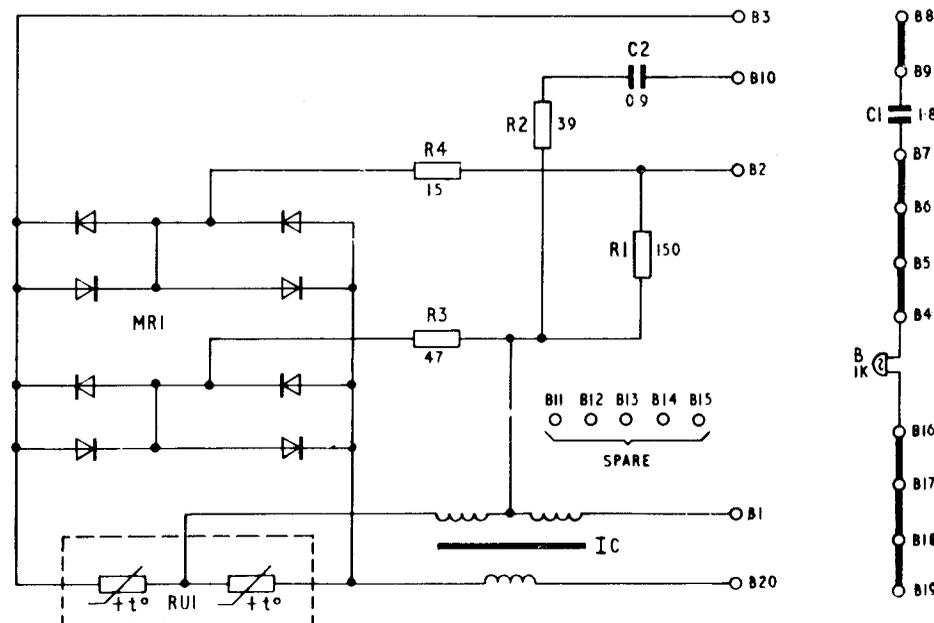

BELL-SET No. 50B

- 4 Bell-set No. 50B supersedes Bell-set No. 48 for new work
- 5 The terminal numbers of Bell-set No. 48 and Bell-set No. 50B are identical

AUXILIARY UNITS

- 6 There are two brackets in the bell-set, both of which can accept a Buzzer No. 32C-3 or a Part .../DST/836
