

FACILITIES OF EXTENSION PLAN 4  
Auto Systems—Internal only

N427  
ISSUE M

Extension Plan 4 consists of one or more portable telephones with any number of sockets connected in parallel to the line. The total number of bells must not exceed four, or two on lines in UAX areas with vibrator ringing.

FACILITIES:—

One or more table telephones are terminated on a plug or plugs.

The telephone(s) may be moved from socket to socket as required.

Incoming calls ring the main bell and also the bell of any telephone connected to a socket.

Calls may be originated from, or accepted at any socket.

Neither secrecy nor intercommunication between telephones is provided.

TELECOMMUNICATIONS INSTRUCTION:—

B Marketing Commercial.

4 Facilities and Apparatus.

C 0007.
